

"To The Tyrants Never Yield!"

THE TYRANTS' FOE

NEWSLETTER OF THE TEXAS RIFLES
ISSUE NO. 40 JULY 1992

COMMANDER'S DISPATCH

This edition of the newsletter is arriving a little later than originally planned. We faced the dilemma of sending out one earlier that would have basically said, "Well folks, nothing is going on!" The staff and I therefore decided to postpone a mailing until we actually had information to pass along to you. Hopefully we made the right choice by waiting but I apologize to all for the long delay.

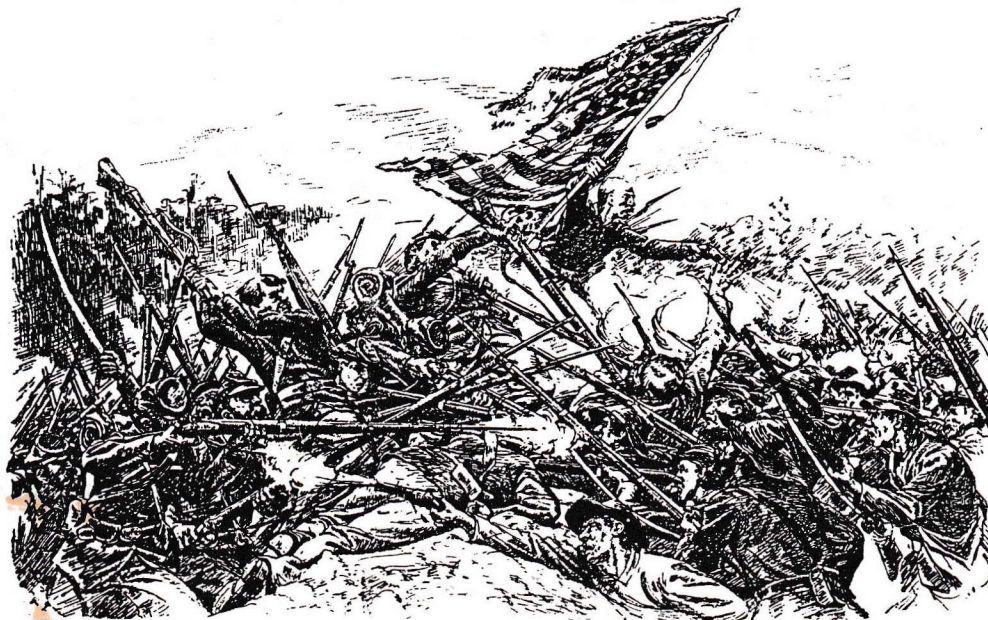

The second half of the year promises to be much "eventful" than the first. We have a lengthy schedule that includes both Civil War and Mexican War events that promises something every month from August through December. While it may be impossible for you to attend every one, please make as many as possible. I strongly urge you to make the trek up to Fort Scott, Kansas, if you have never been there as it is one of the premier events in the hobby.

The way this year unfolded surprised us all. If there is a lesson here it is that in the future we must take a more active role in finding events to attend instead of relying on others to provide them as during the 125th. This means that events will probably be smaller, local affairs. Keep your ears to the ground and pass along any news of likely places here in Texas or nearby states. We also need to establish stronger links with other Confederate and Federal units in Texas. If the hobby is changing then we need to change with it so we can remain the pace-setters that we have always been in the past.

Your Obedient Servant,

Bruce Winders

Bruce Winders, Captain, Texas Rifles

CALENDAR OF EVENTS

PLEASE LET YOUR REGIONAL DIRECTOR KNOW WHICH EVENTS YOU PLAN TO ATTEND. THIS INFORMATION IS VITAL FOR PLANNING PURPOSES.

***COMPANY MUSTER:** August 15-16, 1992 at Fort Martin Scott, near Fredricksburg, Texas. See related article in this issue.

MEXICAN WAR ENCAMPMENT: August 28-30, 1992 at Ft. Washita, Oklahoma. Call Bruce Winders for details.

MEXICAN WAR EVENT: September 11-13, 1992 at Ft. Scott, Kansas. See related article in this issue.

***BATTLE OF PERRYVILLE:** October 9-11, 1992 near Perryville, Kentucky. See related article in this issue.

TEXIAN MARKET DAYS: October 24-25, 1992 at the George Ranch near Richmond, Texas. More details to come.

BATTLE OF BAYOU TECHE: November 1992 at Bayou Teche, Louisiana. More details to come.

***BATTLE OF PRAIRIE GROVE:** December 5-6, 1992 at Prairie Grove, Arkansas. More details to come.

NOTE: An * indicates a TEXAS RIFLES MAXIMUM EFFORT EVENT at which most of the officers and NCO'S will be in attendance. At the other events, attendance by TR members may be lower, and you may be on your own.

TR TID BITS

COMPANY MUSTER, FORT MARTIN SCOTT: AUGUST 15-16

By Bruce Winders

The Texas Rifles will hold their summer muster at Fort Martin Scott on August 15 & 16. For those who have never been there, the fort is located near Fredericksburg. If you are coming from Austin, take U.S. 290 west. (It looks about 75 miles out of Austin on my map.) If you are coming from San Antonio, then take Interstate 10 north to Comfort (about 55 miles) where you will exit and then travel north (about another 22 miles) to Fredericksburg. You might want to consult your own map before leaving. Marvin Schroeder, who helps coordinate events for the park, tells me that the fort is actually located 2 miles east of the town on U.S. 290 about a quarter mile from Wal-Mart. The fort will be open Friday night to receive us.

We will be portraying troops in garrison stationed there to protect the area from Indians and Unionists. Limit the amount of furniture that you bring to what would be appropriate and leave all ice chests in your vehicles. We have several buildings open to us for our use during the day but we will camp on the parade ground. The fort is providing water and firewood. Because we are in garrison, we will run a company mess this time-approximately \$10-12 per man.

Uniform for the event will be overshirts. Bring your muskets, but as we are frontier troops, side knives and pistols are appropriate. It is going to be hot so bring things you can do in the shade to entertain each other and the visitors. (Books, newspaper, writing material, musical instruments, cards, dice etc.) Although we will use the event as a time to get together and plan for the rest of the year, we will maintain our historical impression during the hours that the fort is open to visitors.

Feel free to contact me if you have any suggestions or comments regarding this muster or any other matters.

SWENSON WINS AUCTION COMPETITION

TR member and Battalion Western Wing Commander, Scott Swenson recently won the Texas Auctioneer Association competition. As Texas State Champion Auctioneer, Scott will be competing in the International Auctioneer Championship to be held July 29 in Lexington, Kentucky. Congratulations!!

WESTERN WING COMMANDER'S REPORT

By Scott Swenson

We are currently planning another Officer and NCO school to be held in late August. All officers, NCOs and interested enlisted men should attend. If you have a suggestion for a location at which to conduct the school, please give me a call.

AUTHENTICITY CHAIRMAN'S REPORT

By Scott Swenson

Kay Brewer of the Clearwater Hat Co. has been on the road for the last month and probably won't be able to fill mail orders until August. However, I've located a source in Waco for gray, tan or brown slouch hat blanks. The cost is only \$19.00 and you can easily shape them and dress them in period fashion. If you're interested, give me a call.

TR member Dan Morgan is a good source for shelter halves. As you know, these tents are the most appropriate form of shelter for our upcoming events, and Dan sells them at a bargain price. Don't fret, your A-frames will still be appropriate for Mexican War events, early Civil War events and events where semi-permanent quarters are portrayed. Contact Dan if you're interested in the shelter halves.

MEMBERSHIP CHAIRMAN REPORT

By Jamie Bain

Since the last newsletter, Texas Rifles members have attended the Camp Mabry event in Austin, the Seguin July 4th Muster and the Battalion Wing Officer and NCO school in Hillsboro. Attached to this newsletter is an updated 1992 membership roster. Please let me or Vince Draa know if any corrections should be made.

We're looking forward to a big turnout for the summer company muster at Fort Martin Scott, in Fredericksburg, August 15-16. Also, don't forget to send your \$2 registration fee for Perryville to Jeff Hunt.

CIVILIAN DIRECTOR'S REPORT

By Vicki Betts

Due to scheduling problems, the 1992/1993 Texas Rifles Ball has been cancelled. Moving from an "off" weekend to one of the two weekends on which the band was free in January and February would have cost the Rifles an extra \$2400, plus each sleeping room went up \$20. We are planning to sponsor a ball next year, but we need to locate other facilities. Any suggestions? It could be smaller, or less formal, or we could have the ball and meal in one place and get rooms somewhere else.

PERRYVILLE BUS NEWS

The following is a list of people who have said that they want to take the bus to Perryville. Thirty-eight seats are already reserved. **Only nine seats are left!** If you want to get on the bus send in your \$10 reservation fee to Jeff Hunt now! The cost of the bus trip will be \$104. We are asking for \$10 now to help pay the deposit on the bus. This means you will need to have the remaining \$94 to Jeff by September 1st. If you would like to pay in full now that is fine. In addition if you have not payed your event registration fee of \$2 yet, please send that in ASAP as well. A "*" beside your name below means you have payed your registration fee for the event. A "\$" means you have payed your \$10 bus registration fee.

ARTICLES FROM THE MEMBERSHIP

HEADQUARTERS SEVENTH REGIMENT OF U.S. INFANTRY

Dear Fellow Texas Rifles:

I'd like to take this time to invite you to our Mexican War event at Ft. Scott, Kansas on September 11-13. The site is a fully restored 1842 Frontier Army Post. There are many enjoyable scenarios planned, and all meals (except on Friday), as well as modern restroom facilities will be provided.

As a big enticement for you we are planning a bus trip to the Fort. The bus will leave from Austin, Texas on Thursday evening, September 10, at 9 p.m. It will also stop in Waco and Dallas. The cost will be no more than \$55.00. We are working on obtaining several grants of money to help lower the cost, but if these do not come through the cost will be \$55.00. You'll be able to sleep on the bus, and not worry about driving that long distance yourself. The bus will leave Ft. Scott at either 2:00 or 2:30 p.m. on Sunday. We are asking that you limit your equipment. No four poster beds and dining room tents, maybe a few camp stools, musket and accoutrements, and a garment bag with uniform, and perhaps a change of clothing. You may also want to bring a pillow for sleeping on the bus.

We should arrive at Ft. Scott early Friday morning. We will set up camp, let you stretch out and relax, see the Fort, perhaps do a little shopping downtown, and then in the afternoon begin a drill session to prepare for what will occur on Saturday. We will be on our own for Friday's meals.

Another enticement for you is our dress ball on Saturday night. If you had a great time at the previous Rifles' Balls, then you will enjoy this as well. Norman Hughes, the best instructor around, will be leading the dancing. There will be two bands: Norman's 4th Artillery Band and the 1st Kansas Brass Band. The ball is held on the 2nd floor of the Infantry Barracks. The ladies will decorate for the ball, and if you become too warm inside you can step out onto the long veranda to smoke a cigar and cool down.

Special activities over the weekend will include a Ladies Literary Society Meeting; Ladies Rally to raise money for widows and orphans; all the duties and ceremonies of Garrison life; a small tactical demonstration on Saturday; inspection and muster on Sunday, culminating in a game of "Rounders" between the 7th U.S. and the Dragoons. You'll be able to spread blankets under the trees on the parade ground, and with your lady or bunkie eat strawberries and drink lemonade and watch the new game which is sweeping across the country. We will be using the 1845 Rules.

Now that you are all enthused, perhaps you are worried you can't go because you don't have equipment to portray a U.S. Regular. Fear not! We are trying to raise a company of volunteer troops. The Volunteers will be under the command of the Rifles' Captain Bruce Winders. Many of you have the following items already, and if you don't, Captain Winders and I will make them available to you at a very moderate price. We are looking for the following impression:

1. White cotton trousers
2. Period shirt with either cravat or stock
3. Brogans
4. Red pullover over shirt
5. 1839 style forage caps
6. White cross belts, or waist belt
7. C. W. cartridge box with forty blank rounds
8. Wooden, tin, or gourd canteen
9. Flintlock or early percussion musket (no Enfields or post war Springfields)
10. Knapsack or blanket roll

Bruce has agreed to make the forage caps, and I will make the red flannel overshirts. These will not be like the Wilson Creek shirts; they will last more than one weekend, and they make excellent night shirts! White Cotton Fall front trousers, if you need a pair, are available from Cohn Bros., Box 111, 105 South Main, Middlebury, IN, 46540. Catalogue # is #44 Natural Broadfalls. The price is \$17.98 per pair. You can call and order - the phone number is 219-825-2400. Correct buttons are available from Stephen Osman, 5424 Elliot Ave., S, Minneapolis, MN 55417. The catalogue # is R 11. The cost is \$.20 each.

So if your interest has been piqued, here is what you need to do:

1. Make your bus reservation by calling Sgt. Marvin Schroeder in Fredricksburg. I have asked him to co-ordinate the bus. His phone number is 512-997-0017.
2. If you need any equipment, or clothes please contact Bruce Winders at 817-465-6104, or me, Steve Abolt at 817-737-7513.
3. If you are planning on going please call me so I can send you event update information, and keep the Park Service informed as to number of meals to be provided.

This will be a great time! Don't miss it. I look forward to hearing from you!

ON TO MEXICO!

Your Obedient Servant

Captain C. Steven Abolt
Officer Commanding - 7th Regt. U. S. Infantry

DRILL BITS: WHEELS AND TURNS

By Jamie Bain

Wheels and turns are two maneuvers where the direction and/or formation of the company changes rapidly. During these movements, it is vital that everyone in the company understand what the expected outcome of the maneuver is, and how to achieve it in the quickest and most orderly manner.

Here's a simple rule that will work in any maneuver to get it done quickly, and help the entire company keep its alignment. When the company begins a maneuver, understand where the company starts, and where it should end up. After that, just concentrate on where you have to go. You can usually do that by concentrating on a **single person**, rather than the **entire company**.

The Wheel and the Turn are rather similar in that both maneuvers are intended to take a company in line and change its direction of march by 90 degrees. Of course, the actual change in direction could be greater or lesser than 90 degrees; but as a general rule of thumb it should be assumed to be 90 degrees.

During a wheel, don't try to see all the way to end of the line, just stay right with the man next to you. When people start leaning out to see the entire line, the line ends up bowing outward. Be aware of where the guide is. Also, staying with the guide means touch to that side, not push to that side.

Turns seem a little harder to do because the company alignment is not maintained during the movement. Try to keep in mind that a turn is simply a 45 degree turn, a few steps, another 45 degree turn, and then a few more steps. Everyone in the company makes the first 45 degree turn together (so the company is actually marching at the oblique). The second 45 degree turn is made individually. You don't need to know how far from the end of company you stand, to know how many steps you take before making that second turn. Just remember that when the man next to you turns, you take one more step, then turn yourself. As each person makes that second turn, he then comes up on the new company line of march, and company alignment is restored.

By understanding the whole picture, but only focusing on your small part of it, complicated movements suddenly become simple.

REPORT ON THE NEW BRAUNFELS MUSTER

By Jeff Hunt

On the weekend of July 4th the Austin/San Antonio Region hosted a muster on land belonging to Sergeant Phil Ulbrich's parents between Seguin and New Braunfels, Texas. Twenty-three members of the Texas Rifles, including several of our civilian contingent, attended. We were also delighted to have some of our members' families come to visit on Saturday evening.

The site chosen was perfect for drill and a good deal of drilling was in fact done. The platoon went over company drill (wheeling, countermarching, oblique marching, by company into line, moving by the left and right flanks, going on the right by file into line, breaking files to march to the rear as well as to the front), the manual of arms, stacking and firings as well as skirmish drill; we even did a skirmish line wheel! Another thing that was done over the weekend was to practice our step to make sure we were keeping the right pace during common, quick and double-quick time. Happily we discovered that we were only one or two steps off the times mandated by Hardee's ---big congrats to Chris Strzelecki who counted cadence during our drill!

In addition to the above the Austin/San Antonio Region also built a brush arbor to provide some shade. This was hard work, but fun and well worth the effort; Dan Morgan brought his period camera out and took some good photos. Everyone got to watch Seguin's fireworks display on Saturday night as well as enjoy watermelon, fried chicken, singing, games of chance and good old fashion talking. Another enjoyable incident was when the men taught Kay Kuykendall, Valerie Haesly and Ingrid Stout how to fire a musket. The girls did quite well (although their volley was a little ragged) and we can now leave our camp in their charge secure in the knowledge that they can defend it. Speaking of defending the camp, on Saturday afternoon Phil Ulbrich led a traitorous squad in a surprise attack on the camp. This act of aggression was soon put down, but Sergeant Ulbrich's platoon did manage to win a spirited skirmish later that day.

On Sunday the troops made a one and 3/4 mile route march, practicing skirmish drill, forming the company into two and then one rank along the way as well as breaking into platoons. This was good practice for Perryville and the Red River campaign and something we all decided we needed to do more of, given the

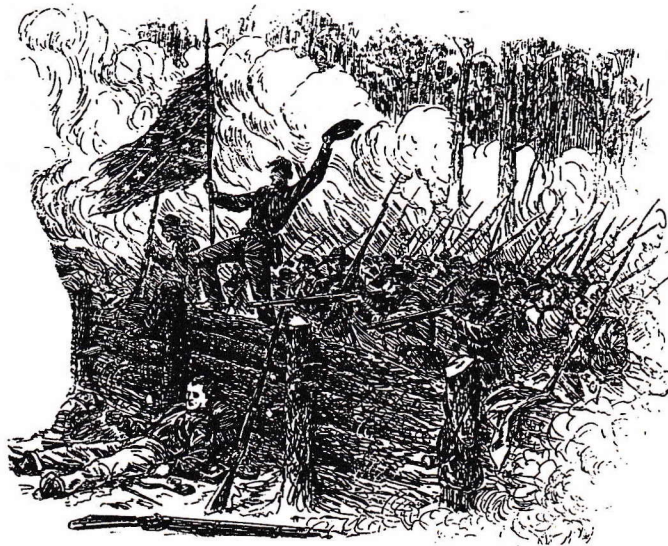

gasps for air when we were done. We had two new recruits come out for the first time ---Cal Hill of Austin and Brian Ford of San Antonio--- both of whom did a very good job at learning everything we tried to teach them. You'll see both of them at Perryville.

The weather was very kind to us. Our camp site was windy so that evenings and nights were rather nice and except for one very brief shower the rain stayed away. The only problem came from an enormous corps of Union Army Ants who located our provisions and sought to cut us off from our base of supply. After a gallant fight, I must report that the company was routed and the ants won. In the future we will be using chemical warfare to mow down these fiends prior to any event held on the same ground.

I'd like to give special thanks to Phil Ulbrich for all of the hard work he did in keeping us supplied with water and other necessities and to his parents for the use of this ideal site for a muster. I would also like to thank Michelle Cleveland and Cansis Ulbrich for their kind efforts to bring us fried chicken and doughnuts during the weekend. The drill at this event was the best and smoothest I have ever seen conducted at a Texas Rifles muster and I was very proud of everyone who came out and participated. Hopefully we can plan a fall or early spring muster and make use of this excellent site again.
